Write a brief comment or your impression of the book.

After reading this book, I think "Hong Kong History Girl" is an amazing book to show us the famous places and their history behind it! I'm also impressed by the way the writer used the ferries wheel to show us every stops of the locations. For example, the Characters rode the ferries wheel to the "Kowloon-Canton Railways clock tower", it then told us that is was built during the Japanese Occupation! Overall, I've learnt about more about the history of Hong Kong in this book!

The character I like most is Jasmine because she would always try her best to solve the mystery letter and places
_____. The character I dislike most is Gramps because

during the journey, he kept on daydreaming!

If I could rewrite the beginning of the story, I would make the part where the project was released more detailed and interesting like the reason why they
need to do this project and why the teacher ask them to work on it.
