**In not less than 50 words, describe the content of the story / book briefly.**

Treasure Island tells a thrilling adventure story of young Jim Hawkins. Jim got a treasure map from a pirate and then set out on sea with his companions to find the treasure. On the ship, he discovered that the first mate, John Silver, was a cunning pirate who intended to embezzle it. Finally, Jim overcame the pirates and got the treasure.

**Write a brief comment or your impression of the book.**

Treasure Island is a thrilling adventure full of suspense and danger. It tells the story of a brave young boy who fights against cunning pirates, which is really

wonderful. I think this fiction is extremely exciting and thrilling, and is suitable for those who are fond of adventure.

The character I like most is Jim Hawkins because he is very brave and smart, and shows great courage while constantly growing during the adventure. The character I dislike most is Long John Silver because he is cunning and treacherous in his deception of others.

**If I could rewrite the beginning / ending / any part of the story, I would make the following changes:**

I would add more characters to this adventure fiction to enrich the story and create more plots. Then, I would put some suspense at the end. For instance, Jim fails to obtain the treasure, leaving the readers in suspense.
